Summary

I am a passionate and dedicated full-stack web developer, currently in my third year of pursuing a B.Tech in Computer Science and Engineering. With a solid foundation in both front-end and back-end technologies, I have developed a keen interest in building scalable, user-friendly web applications. My academic background and hands-on experience in various projects have equipped me with a deep understanding of modern web development practices. I am eager to contribute my skills to innovative projects and continuously expand my technical expertise.
